Subject: Pacific Airmotive Corporation - Subsurface
Discharge Aviation Jet Fuel - Emergency Cleanup

Dear Mr. Workman:

As per our conversation on Friday, December 19, 1985, and your letter of October 21, 1985, please find attached our final report from Kennedy/Jenks Engineers on the subject spill.

As you can see, we have completed additional drilling, laboratory analysis, and research on the residual jet fuel at Area 2 of our cleanup site.

Upon review of the Kennedy/Jenks report, we request your release permitting finalization of the project.

Yours very truly,

Christopher M. Andrews
V. P. Engineering, Quality
Control, and Facilities
